### **Can I apply for a student loan?**

The short answer – yes! Canadian citizens, permanent residents and refugees or protected persons are eligible to apply for Student Financial Assistance (AFE) programs if they are considered residents of Quebec for student aid purposes at the time of application.

To prevent a lack of financial resources from becoming an obstacle to the pursuit of studies, the main objective of AFE is to promote access to studies for full-time and part-time students by offering a contributory financial aid plan adapted to the needs of the student population.

At Trebas, we have a dedicated team to help you through the entire loan application process. To speak to a member of this team, please write to: [aidefinance@trebas.com](mailto:aidefinance@trebas.com).
